SUMMARY

Certified Data Science & AI enthusiast with hands-on experience in Python, SQL, and machine learning. Skilled in data analysis, visualization, and predictive modeling, with a strong academic background in IT.

PROFESSIONAL SKILLS

Data Analysis
Collaboration

Machine Learning
Problem Solving

TECHNICAL SKILLS

Python
SQL

Power BI
ML & AI

PROJECTS

Credit Card Fraud Detection

Developed a machine learning model using Decision Tree and Random Forest to detect fraudulent credit card transactions.

Achieved 99.91% accuracy by applying data preprocessing techniques and handling class imbalance, enhancing real-time fraud monitoring.

Heart Disease Prediction

Built a predictive system using the UCI Heart Disease dataset.

Performed data analysis and visualization, and implemented Logistic Regression, Decision Tree, and Random Forest models to classify heart disease risk with optimized performance metrics.

Census Income Classification

Designed a classification model to predict income groups using Census Income data.

Conducted data cleaning, feature engineering, and EDA.

Trained and evaluated multiple algorithms to support socioeconomic data analysis and insights.

EDUCATION

iHub IIT Roorkee & IntelliPaat

July 2024 - May 2025

Executive Post Graduation Certification in data Science & AI

Mumbai University

Aug 2021 - Jun 2024

Bachelor of Science in Information Technology (9.82 CGPA)

ADDITIONAL INFORMATION

- Languages:** English, Hindi, Marathi, Urdu.
- Certifications:** Data Science Course, SQL Course, Python Course, Power BI Course, Artificial Intelligence Course, Microsoft SQL Certification Training, Excel Course & Soft Skill Course ,Prompt Engineering, Quantum - Data Analytics Job Simulation , Advance Certification in Microsoft Excel
